

EXPENSE & MANDATE SUMMARY: DHCS REIMBURSEMENT

Patient: Brandy Michelle Bianchini **Date:** July 27, 2026

DOCUMENTED OUT-OF-POCKET EXPENSES

The following expenses are legally reimbursable under Medi-Cal FFS guidelines. Failure to coordinate authorization for these costs is a violation of Welfare & Institutions Code 14019.3.

1. Transportation & Lodging (2023-2024)

- **Historical Mileage:** Over 5,000 miles of travel for specialized care (Shingle Springs to Santa Monica).
- **Lodging:** Documented stays at hotels and Airbnbs due to lack of coordinated lodging support.
- **Transit:** Paid flights, rental cars, and Lyfts necessitated by provider failure to authorize NEMT.
- **Action:** Dr. Eby must sign the **FFS NMT/NEMT Pre-Authorization Form** for all historical and future trips.

2. Medically Necessary Procedures & Infusions

- **Infusions Paid Out-of-Pocket:** Glutathione, Lactated Ringers, and Methylated B-vitamins.
 - **Reason:** Essential to prevent systemic G-protein signaling failure and autonomic collapse.
 - **Action:** PCP must issue **STAT Standing Orders** for these infusions to be handled at the facility.
-

BIOCHEMICAL SUPPLEMENTATION MANDATE

These supplements are **Medically Necessary** for your specific genomic impairments (STX16/PMS2). They are NOT optional and NOT subject to “provider opinion.”

- **Genomic Support:** SAM-e, TMG, Cystine, Choline, Methylated B12/B6.
- **Structural Support:** Vitamin E, C, Lysine, Zinc, Copper.
- **Hormonal/Mineral Support:** K2 MK7 (Critical for PTH axis).

THE LEGAL MANDATE

1. **CCR Title 22, Section 51008:** Mandates travel to the nearest capable specialist.
2. **W&I Code 14019.3:** Requires reimbursement for out-of-pocket costs for covered services.
3. **ADA Compliance:** Requires “Reasonable Modifications” in care protocols to accommodate your specific impairments.

Failure to resolve these financial and clinical mandates today will result in immediate filing with DHCS Risk Management and the CDPH.
